

Ruel, too many feelings

i let out too many feelings
shit i should have kept in
probably shoulda left them all unsaid

i didn't wanna scare you
just wanted to be near you
i wanted you to hear what's in my head

y aknow
i'll take it back
if you take me back too

wasn't enough to be honest
should've have been dust in my pocket
i had enough but i lost it all
