

Ruff Endz, Saying I Love You

[Chorus]

Just saying I love you just ain't enough
Needing to be with you is a must
The thing I love more than you is us, baby
Ain't nothing gonna stop this love
Ain't nothing gonna
Ain't nothing gonna stop this love

Just saying I love you just ain't enough
Needing to be with you is a must
The thing I love more than you is us, baby
Ain't nothing gonna
Ain't nothing gonna stop this love

[Verse 1]

Soul mates from birth
If you were the Moon, I'd be the Earth
Two people destined to be together
A love so strong it can't be severed

[Verse 2]

Girl we can make this from the heart
You feel my every move
You know I'm thinking bout you
With you and only you
I can have peace of mind
That's why

[Chorus]

Just saying I love you just ain't enough
Needing to be with you is a must
The thing I love more than you is us, baby
Ain't nothing gonna stop this love
Ain't nothing gonna
Ain't nothing gonna stop this love

Just saying I love you just ain't enough
Needing to be with you is a must
The thing I love more than you is us, is us babe
Cause baby you're my everything

[Verse 3]

I can feel it when I close my eyes
This love of mine, deep inside me
The happiest moment of my life
When you said that you feel the same that I do
Girl you know I, I love you
And I know you love me too
Without any questions, you were here for me
That's why you gotta see

[Chorus]

Just saying I love you just ain't enough
Needing to be with you is a must
The thing I love more than you is us
Ain't nothing gonna
Ain't nothing gonna stop this love

Just saying I love you just ain't enough
Needing to be with you is a must
The thing I love more than you is us
Cause baby you're my everything

[Bridge]

You're the reason why
Love feels nice to hold
We've got a love tale that's never been told
True, it's hard to deny
Too bold to control
A love that grows from young
Until the days we are old
You said someone told you
You only get one true love
And if this is true
Girl, I know it's surely you
Girl you know I love you
You know you've got my trust
But these few words are not enough

[Chorus]
Just saying I love you just ain't enough
Needing to be with you is a must
The thing I love more than you is us
Ain't nothing gonna stop this love
Ain't nothing gonna
Ain't nothing gonna stop this love

Just saying I love you just ain't enough
Needing to be with you is a must
The thing I love more than you is us
Cause baby you're my everything

[Chorus until Fade]
