

Ruff Endz, Will You Be Mine

Baby Love, I think its time now
to share with you these feelings that I'm feeling now
its been three years since I've known you
nothing but happiness since I've found you
its been a long time coming still going strong
through good and bad, we've been holding on
within my soul its been overdue
cause my hearts been longing to ask you

[chorus:]

will you be mine on this day
will you be the sunshine and rain
will you be the stars in my nights
will you be the joy, the joy in my life
will you be my everything
will you be the happy song i sing
will you be the love i cant deny
will you be the love, the love of all time
will you be mine

when i think about how it all began
i was looking for fun but somehow we became good friends
We couldnt see this fate that lied ahead
or that we would ever bond like we did

i praise the day my fate was revealed
now i know that destiny is real
is it a sin for love to feel this good
i dont know but im asking you

[chorus:]

will you be mine on this day
will you be the sunshine and rain
will you be the stars in my nights
will you be the joy, the joy in my life
will you be my everything
will you be the happy song i sing
will you be the love i cant deny
will you be the love, the love of all time
will you be mine

im down on my knees to vow to you
my everlasting love because its overdue
for all the times we shared and those to come
this ring is a token of love with you

[chorus:]

will you be mine on this day
will you be the sunshine and rain
will you be the stars in my nights
will you be the joy, the joy in my life
will you be my everything
will you be the happy song i sing
will you be the love i cant deny
will you be the love, the love of all time
will you be mine
