

Ruff Endz, You

[Chorus]

You, it doesn't matter what I say or do
Cause every step I take leads to you
And now I realize it's true
The only love for me is you
It doesn't matter how far I roam
Cause every road I take leads back home
And now the fact is absolute
The only love for me is you

I thought I needed time and space
But baby that was just a front
I never knew how much we had
Until I almost gave it up

I was so blind that I could not see
It was all in our history
Everything I wanted love to be
Had been given to me by

[Chorus]

Thank you for being a friend
And giving me one more chance
I'm so glad you wouldn't let it end
And I'm lost within your sweet romance

I was a fool to ever let you go
Being away made the feeling grow
Now all I want to do is show you
How much I'm in love with

[Chorus]

You opened up the door
Showed me what my heart is for
And now you're the one I want to be with forever more
Baby, baby oh baby it's you, it's you

[Chorus]
