

Ruff Michael, Love Go Round

Once in love; a woman tells you
She's in love to stay
Rest assured
She'll never turn away
Still she's wondering, asking, needing
Reasons why you care
She says you're around but never there
When there's no commitment in your eyes
She can turn around and realize
How love goes around
Go round
go round
go round
Once inside, a man is wondering
Am I here to stay
Seems the more she pulls
The more I pull away
Still he wants her, has her, needs her
Always by his side
And you know those things he feels
He just can't hide
When there's no conviction in his eyes
He can turn around and realize
How love goes round
Go round
go round
go round
Here we are, alone together
whisper soft whisper low
Why we doubt this love I'll never know
When there's no commitment in your eyes
I can turn around and realize
Love goes round
Go round..
go round..
