

Ruff Michael, The Eyes Of Love

My rope has no end
Though it may fray sometimes
I do not write the story
But I do make up my mind

Not to hold on, too tightly
Letting it go, step lightly
In the eyes of love

You are my friend
Though we may strain sometimes
We do not make the rules
But I do decide

To follow along, just watching
Letting it go, no stopping

In the eyes of love
Ever in the eyes of love
In the eyes of love

There may be people all around
Who've never felt the gravity of love
There may be people all around
Who've never had just one tender kiss

We'll live in the wind
And it will be hard sometimes
Not to give in
So baby, keep in your mind

Letting it go, step lightly
Let it be, the right thing
Letting it go, and looking

Looking in the eyes of love
Ever in the eyes of love
Eyes of love

One tender kiss
Forever in the eyes of love
One tender kiss
Ever in the eyes of love
(In the eyes of love)
