

# Rufio, Why Wait?

Growing old, and living for  
the moment, you're  
searching for something  
cannot find, the truth inside  
will leave you all, that you're living for  
thinking love is gone, its gone  
why wait for you to come home  
why search for answers to nothing  
dont come back crying for help  
why wait for life to come  
growing old, and living for  
the moment, you're  
searching for something  
cannot find, the truth inside  
will leave you all, that you're living for  
thinking love is gone, its gone  
why wait for you to come home  
why search for answers to nothing  
dont come back crying for help  
why wait for life to come  
think back, shocking, believe, its me (x4)  
why wait for you to come home  
why search for answers to nothing  
dont come back crying for help  
why wait for life to come
