

Rufus Wainwright, Vicious World

Thought that maybe we'd fall in love over the phone
Thought that maybe I'd really love being alone
Everybody but Heaven knows how I was wrong

Oh Lord, what have I done to myself?
What have I done to myself?

In this vicious world
Such a vicious world
There isn't anything you can do
In this vicious world

Soaking on the ice, makin' eyes all by myself
Didn't realize you were so top of the shelf
Just you want and see when you turn, turn 23

Oh Lord, what have I done to myself?
What have I done to myself?

In this vicious world
Such a vicious world
There isn't anything you can do
In this vicious world
Such a vicious world
There isn't anything you can do
In this vicious world
There isn't anything you can do
In this vicious world
