

# Run Kid Run, Move On

Your words they never spoke so clear to me  
The way they did that day  
I always dreamed we'd be forever  
I always thought it'd be ok  
I took for granted all you gave me  
I never thought you'd go away  
Was this not love that we were sharing  
I thought love never went away

Say goodbye to memories  
Cause I have said so long  
Say goodbye to all our dreams  
It's time now to

I see now this is where our story ends  
So just move on I'm told  
Today I loved someone for three years  
Tomorrow learn to just let go  
To have your best friend always be there  
Then one day to see her go  
My world is falling all around me  
And girl your all I know

Say goodbye to memories  
Cause I have said so long  
Say goodbye to all our dreams  
It's time now to move on

And on and on I've tried to  
Let go  
My mind can not forget you  
You're all I know

Say goodbye to memories  
Cause I have said so long  
Say goodbye to all our dreams  
It's time now to

Say goodbye to memories  
Cause I have said so long  
Say goodbye to all our dreams  
I think it's time now to  
Move on
