Run Kid Run, Wake Up, Get Up

To come around and lose yourself

To know a different life

To know that time will pass you by

We've learned to change but did we change to learn

Is this our so called imitation

To carry on with no convictions

We have the calling of another life

Another way to live

We are the ones We are the ones to blame

So Wake Up! Now it's time, this is all we have

This is the sound of revolution

So Get Up! Get Up!

To the tune of the voice inside

This is the calling of a new life

Now that we know familiar scribes

The motion of our lives

We realize our actions

Let's stop and make this happen

Here we are with so much confidence

But in the end will we be falling suddenly

And find our lives are nothing but the opposite

Of something confident

We are the ones

We are the ones to blame

So Wake Up! Now it's time, this is all we have

This is the sound of revolution

So Get Up! Get Up!

To the tune of the voice inside

This is the calling of a new life

Wake up there's no more time to waste

Today is the day

We are the ones

We are the ones

This is who we are

Now all rise

To who we are inside
