

Run Level Zero, Tell-Tale Art

A thousand lights / a cold glare
Whispered secrets / skin laid bare
Icy needles / from a darkened sky
Scream inside / a chilling cry

In my chest / black as tar
Hides my heart / beneath the scar
Of betrayal / for lust for love
For all my sins no solution thereof

Tainted light / white as sin
Penetrates / piercing skin
All too frail / the flesh gives in
The meat puppet / cuts his strings

They show you pictures / scene after scene
So instructive / so obscene
Infiltrate / reality
An aquired / insanity

Unwanted gift / cut it away
Redirect your hate / another way
Regain control / a cleansing breath
Trembling hands / no more death
