

# Run Level Zero, Terror to Sustain

flogging machine colour consuming  
surrender boundless lust stench  
endless stolen cravings rules  
submission

urges clashing desire intellect  
mob medical mind force  
leper haunted iron flesh  
passing predators

terror to sustain  
horror must remain

haunted has-been sacrifice vomit  
unknown dwelling inspired time  
aggression lies perversion cutting  
violent reactions

science magic anguish depravity  
secrets flesh strait jackets  
grinding daggers panic striking  
insane mutations

feeding ground for the poor  
animals and prostitutes  
horses pictured on the seat  
sitting there bags of fat  
terror to sustain  
horror must remain  
lovesick and rejected
