

# Rune, Teller

Should I say this is the one?  
Should I keep it all inside?  
Will I ever be undone?  
In all the times I've never won.  
For the time I will go home  
Until she tells me she's alone  
Yeah, Lord knows that  
I can't tell her (can't tell her)  
Would you please send me home?  
And I can't help it (can't help it)  
But I'm moving on.  
I can't tell her (can't tell her)  
We don't, we don't mean the same.  
And I can't help it (can't help it)  
Would you please send me home?

Should I choose to give it time?  
Should I take what should be mine?  
For the time I'll know what's right (right from wrong yeah)  
But for now I can't fight (no no, confusion's on)  
So I'm moving with the tide yeah  
I'll just wait and let you decide

Yeah, Lord knows that  
I can't tell her (can't tell her)  
Would you please send me home?  
And I can't help it (can't help it)  
But I'm moving on.  
I can't tell her (can't tell her)  
We don't, we don't mean the same.  
And I can't help it (can't help it)  
Would you please send me home?  
Send me, send me, send me, send me, send me, send me home  
Send me, send me, send me, send me, Lord would you please send me home  
Send me, send me, send me, send me, Lord would you please send me home
