

# Runemagick, Fields Of No Life

[Music: E. Karlsson / N. Rudolfsson]

[Lyrics: E. Karlsson]

Enter the fields, the fields of no life  
Feel the emptiness  
Watch time as it pass you by  
Can you see the things you longed for  
Can you see the black wall  
What's behind - You can see in your mind  
Enter the hills, the hills of no life  
Feel the emptiness - Feel the grief  
Where is all that you desire  
Can you see the black warrior  
What will you choose  
Run and die or stay and get killed

Call out to eternal darkness - Darkness of life

Enter the woods, the woods of no life  
Feel the emptiness  
Listen to the silence  
Shadows speak to you  
Do you see the black mirror  
Is there any reflections  
Look down, deep down in your soul  
A soul you don't know

Call out to eternal darkness - Darkness of life
