

# Running Wild, Detonator

Getting loaded, the heat is on  
A bomb exploded, I'm getting hun  
The body's raging, well, I see red  
No more caging, 'til the hunger's fed

Words of thunder, storm breaks loose  
Now, going under, no way to move  
I'm a flash of lightning, cracking to the ground  
The heat is melting, release is found

T.N.T. is the deepest part of me  
Dynamite, the stuff to get it right  
Detonator

I smash your mirror, saw the truth behind  
Gone to zero, I'm not blind  
Toxic terror, that's what you are  
Insulting error has gone to far

[Pre & Chorus...]
