Running Wild, Detonator

Getting loaded, the heat is on A bomb exploded, I'm getting hun The body's raging, well, I see red No more caging, 'til the hunger's fed

Words of thunder, storm breaks loose Now, going under, no way to move I'm a flash of lightning, cracking to the ground The heat is melting, release is found

T.N.T. is the deepest part of me Dynamite, the stuff to get it right Detonator

I smash your mirror, saw the truth behind Gone to zero, I'm not blind Toxic terror, that's what you are Insulting error has gone to far

[Pre & amp; Chorus...]

Getting loaded, the heat is on A bomb exploded, I'm getting hun The body's raging, well, I see red No more caging, 'til the hunger's fed
