

# Running Wild, Skeleton Dance

[Music: Rolf Kasperek]

[Lyrics: Rolf Kasperek]

In the year of global changes, harvest's fast  
Ringing in the final landslide, hardest test

Overnight a sudden stormwind, blowing red  
Steely titans on a mission, flinging lead

[Pre:]

Here comes the storm to bring the dawn  
The end, a new beginning  
To keep the world on spinning

[Chorus:]

Skeleton dance, Skeleton dance  
On the wind of the final fire  
Skeleton dance, Skeleton dance  
On the dust of the yellow rain

The dark is hitting three-times, glowing ball  
Mushrooms shoot their poison, growing tall  
Fallout, falling in now, blackened skin  
Sunset on devastation, devil's grin

[Pre]

The golden calf was holy, man on knees  
Final at the birch tree, eternal peace

[Pre]

[2 x Chorus]

Skeleton dance, Skeleton dance  
Staged by the global liar  
Skeleton dance, Skeleton dance  
Dreams fall to a sea of pain
