

# Running Wild, Soul Vampires

[Music: Rolf Kasperek]

[Lyrics: Rolf Kasperek]

Lifeforce's getting sucked out like our blood  
Vampires taking everything we've got  
They want us to live our lives in fear  
They want us to build a perfect gear

[Pre:]

Vampires on our soul

[Chorus:]

We want it, we need it  
We need revolt on holy ground  
Like thunder & lightning  
No chains or boundaries hold us down

Playing games with lies and thoughts control  
Synchronicity their highest goal  
They transgress the boundaries of good taste  
Take a stand now, no more time to waste

[Pre]

[Chorus]

[2 x Chorus]
