

# Running Wild, Uaschitschun

No more eagles gonna ride the wind  
Turning circles in the sky  
Badland's growing and the bison's gone  
Uaschitschun tell me why

Why'd you kill my creed  
Claiming earth and wind  
You never kept your vow  
But you can't lock me in

I'm riding free  
Riding free with the wind  
Free as an eagle  
Proud as a king

My mother's the earth and my father's the wind  
You can't possess them, they are free  
It's time for you to see what you have done  
Can't hold my soul 'cause I will flee

Why do you kill yourself  
Ravage what you need to live  
You can't eat your gold  
Nature's calling you
