Running Wild, Win Or Be Drowned

Like soldiers of fortune, we're cruising the sea Against all odds, with the urge to be free We're longing for freedom, like an animal that's chained We're thirsty for justice, like a flower that's drained

Win or be drowned, so fight hard Win or be drowned, like a wild shark Win or be drowned, so stand tight Win or be drowned, freedoms fight

Slave - drivers hunted, our cannons will speak A frightening terror for the profit they seek Like sea - cruising phantoms, on the breath of the sea We are foiling their plans, hooked, they can't flee

Win or be drowned, so fight hard Win or be drowned, like a wild shark Win or be drowned, so stand tight Win or be drowned, freedoms fight

We're still full of pride, we are fighting for life For independence we're struggling, we've got to survive We're longing for freedom, like an animal that's chained We're thirsty for justice, like a flower that's drained

Win or be drowned, so fight hard Win or be drowned, like a wild shark Win or be drowned, so stand tight Win or be drowned, freedoms fight Win or be drowned, so fight hard Win or be drowned, like a wild shark Win or be drowned, so stand tight Win or be drowned, freedoms fight.
