

Runrig, Canada

A prairie and a wind
Canada on the wire
I'm trading all my fears
Runrig And all my desires
I watch your sun go down
A burning amber road
Canada Following te ghosts
Wherever they go
'S chan fhaic mi cladach geal
Songtexte No achadh cruithneachd 'fas
Gun sealladh mor de chradh
'S dealbh de bhas

Songtext A window on the stars
The journey of the few
Watching it all survive
Lyrics It's all I can do

Translation of gaelic part
I didn't see the fertile shore
Lyric or the field of growing wheat
without looking on former pain
Liedertexte and an image of death
