

# RuPaul, Just A Little In & Out

writers: RuPaul/ Kristine Weitz

Ooh I kiss your shoulder - move on up against you  
Feel my breath around you-that's how I wanna hold ya  
Ooh I taste your body sweat-though I ain't been there yet  
I know it's something - we won't soon forget no

Don't want to hear you say you love me  
You know that that would be a lie  
Sex and love are two different things - ooh  
Do I really have to tell you why?  
This ain't forever this is for now - hey baby  
I really want to show you how  
So tell me what's the fuss all about - ooh  
It's just a little in and out - ah ah ooh yea  
Hey baby - ah ah ooh yea ooh babe baby

I - do what I do so well - you'll think I'm hot as hell  
You'll feel the fire we're - gonna burn some rubber  
Ooh attraction is so strong - just wanna turn you on  
My motor's runnin' we'll drive it all night long-just do it

In the dark - I want to be your  
Me and you I'll make it good for you  
Ooh my baby - ooh my baby  
We come and go-  
Come and go-hit the door-don't nobody need to know  
Ain't nobody's business-do do-do do do

You got what I want-i got what you need  
Wasting time to wine and dine me  
I don't want love and affection  
I just want a love injection  
Point, aim, shoot in my direction  
I'm the trannie mack-taste good like baby back  
Slip-n-slide, up inside-aowl...down deep!  
I thought you knew-aint no other bitch like Ru
