

# Rupee, 1 On 1

[Verse 1]

Every week the club ah see you  
But i never have enough courage to  
Come over there and ask a question  
And it's driving me crazy  
I wanna dance with you

So tonight i'm gonna take my chances  
Gonna win or either count my losses  
I've got to make my confession  
Cause it's driving me crazy  
I wanna dance with you

[Chorus]

1 on 1  
Me and you  
On the floor  
Just us two  
Up and down  
All night long  
Till the deejay  
Plays the last song  
Just us two 1 on 1

1 on 1  
Me and you  
On the floor  
Just us two  
Up and down  
All night long  
Till the deejay  
Plays the last song  
Just us two 1 on 1

[Verse 2]

So tonight it's either now or never  
I've waited for this chance forever  
I've kept this inside for too long  
And it's driving me crazy  
I wanna dance with you

Gotta do this now before it's too late  
Even if i tempt my own fate  
I've kept this inside for too long  
And it's driving me crazy  
I wanna dance with you

[Chorus]

[Bridge]

Give me the chance  
You won't regret  
Cause when we dance  
I'll make you wet  
Just the two of us  
All night long  
1 on 1

Give me the chance  
You won't regret  
Cause when we dance  
I'll make you wet

Just the two of us  
All night long  
1 on 1

[Chorus]
