

# Russ Castella, Truth

(feat. Elissa)

I remember making love to you  
For the first time  
You said you never leave now look at you  
You change your mind  
But now you're gone I don't know what to do  
I'm so lonely  
And for the last time let me say to you

(Chorus) What do I have to do,  
To make you see that I'm the truth?  
Now don't you walk away,  
This life was meant for me and you (x2)

I remember falling down to you  
When you said bye  
I thought I held your heart now look at you  
You made me cry  
It's been so long, will you come back to me?  
Without your games  
But tell me will it ever be the same?

(Chorus) What do I have to do?  
To make you see that I'm the truth  
Now don't you walk away  
This life was meant for me and you (x2)

All and all, it's in my mind  
Thought you'd be here all the time  
Fact or fiction, don't be blind  
You know I'm the truth

(Chorus) What do I have to do?  
To make you see that I'm the truth  
Now don't you walk away  
This life was meant for me and you (x2)
