

# Russ, WHAT ARE YALL

Used to think my takeoff time was a delayed departure  
Trust the journey if you rush it you gon make it harder  
You can lose your place when you try to flip the pages farther  
700,000 for an hour that's the latest offer  
I put the work in had to earn my credentials  
I wrote the book on independence I'm on my third presidential  
It's essential I shut up that's what y'all think right?  
But standing down never really sit right  
Big fight comin up  
Me versus myself  
The peoples champion there ain't no reversing my belt  
I keep on earning wealth  
Ain't no tellin where the roof is  
Stayin on the straight and narrow curving rappers muses  
Limits are illusions  
And I'm Bradley cooper  
Watchin Trae drop 40 courtside so close I could alley oop ya  
Haven't taken Uber in years  
All my drivers wear suits  
Every drink is a cheers  
Predicted this I'm a seer  
Can't operate outta fear  
I choose optimism  
Universe be talkin so I gotta listen  
Tryna work it out with her she end up in the squat position  
Me I'm doin hip thrusts  
Then I get my \_\_\_\_\_ sucked  
Ripping up the script of the industry's guidelines and rules  
They don't want me in the game just sidelines and boos  
Lotta closet applauses  
How come all the workers keep on talkin like bosses  
I'm a star tho regardless  
of the narrative  
If you don't own your music I'm not hearin comparisons  
Man the shit is embarrassing  
I don't care who the hottest are  
If you cannot sell out an arena by yourself in America and somewhere overseas you are not a star  
Overlooking me doesn't change shit  
I'm the modern day prince  
Face it I'm free look at me look how easy I breathe  
Your careers on life support it's clear you need the machine  
I rage against it  
Killing in the name of independence  
Which threatens the evil empires so respect is  
Obligatory  
This a classic like a Christmas story  
Watchin these adults swim upstream to get streams is comedy like Rick and morty  
Sometimes I feel like fuck em all  
Cuz If a Forbes list cash king 6 times platinum 20 plaques and arenas packed in isn't a star then w
