

Russell Crowe & 30 Odd Foot Of Grunts, Someone's Trying To Kill Me

(Cochran/Crowe)

Somebodies trying to kill me
It could be myself
I have it on the highest authority
I'm just no good
For my own health

Indifference under my skin
Gets my veins a rippling
Oh concentrate you stupid man
It becomes your best friend

yeah

What measures can be taken
To protect the young and listless
From those obsequious ingrates
And the girls that scare them shitless

yeah

Those vicious lips
they cut when they dismiss
I guess I asked for this
Bloodied love and battered bliss
That parting kiss

Whattcha got? Billy boy?????

Somebodies trying to kill me
It could be myself
I have it on the highest authority
I am just no good
For my own health

yeah

Somebodies trying to kill me
Somebodies trying to kill me
Somebodies trying to kill me
