

Russell Watson, Lost In The Snow

Rise and shine
Wake up your sleepy end
Cause now it's time to leave your cozy bed as the dawn is
waking
Your adventure is waiting

Walking hand in hand
Out of Christmas time and into wonderland
With your best friend
Your dream has just come true
And won't believe it's you
It's happening too
You're lost in the snow

As night time falls
You cry in your darkest fear
You think you've lost your friend who will dry your tears
But a new life is dawning, and a new day calling

Walking hand in hand
Out of Christmas time and into wonderland
With your best friend
Your dream has just come true
And you can't believe it's you
That holds a dream
You're lost in the snow
You're lost in the snow

Told you feel lost without hurt
Soon the night time will be over

And you'll be walking hand in hand
Out of Christmas time and into wonderland
With your best friend
Your dream has just come true
And you won't believe it's you
It's happening too
You're lost in the snow
You're lost in the snow
