

# Rusted Root, Cat Turned Blue

What is that you said  
Gotta whistle in the wind yea go down go down go down  
Fear for me and I will fear for you, fear, fear  
Fear whistles in the wind as I go down  
Fear whistles in the wind as I blow down

When the cat turned blue ( 8 times)

What is that you said  
You gotta whistle in the wind and again yea ( 2 times)

Fear for me and I will fear for you ( 2 times)

Fear

Fear whistles in the wind as I go down  
Fear whistles in the wind as I blow down

\*There must be some kinda way out of here  
Said the joker to the thief  
There's too much confusion  
I can't get no relief

When the cat turned blue (4 times)  
Repeat verses 1 & 2
