

Rusted Root, Silver-N-Gold

I got a lover, She push my lover aside,
Cause she don't know my best, & in my bed well I lost my lonely bible,
a kickin through my mess - a kickin through my mess,
When she don't know my best, & in my bed well I lost my lonely bible,
cause she don't know my best, cause she don't know my best, She lay upon my jest

& in my bed she will crawl, & in my bed she will crawl

Silver, Silver - n- Gold is light for my baby,
We can work it out, we can work it out upon my jest.
1, 2, 3 bubble in my bed, Let me, let me child light for my baby
We can work it out, We can work it out upon my jest.

Down in my bedroom, Down in my bedroom my baby,
Down in my bedroom, Down in my bed won't you ...

Won't you hold me now, She lay down the lady don't mind,
Won't you hold me now, she lady down the lady don't mind
(Hurting kind, Hurtin all the time)

& in my bed well I lost my lonely bible - a kickin through my mess,
a kickin through my mess, she lays upon my jest,
I got a lover, she pushed my lover aside,
cause she don't know my best,
cause she don't know my best, she lays upon my jest

Silver, Silver -n- Gold is light for my baby,
we can work it out we can work it out upon my jest.
1, 2, 3 bubble in my bed, Let me, let me child, light for my baby. 1,2,3
