

Rusted Root, Women Got My Money

(Come pay the body, come pay the body
come and make the body pay)

Me, I'm lookin' for an old pickup truck
one that won't leave me
stranded a lot
Just to have that old point of view
of you

Women got my money
come on leave your island girl

(Come pay the body, come pay the body
come and pay the body)

We'll hold on
Don't go
Our reason has yet to unfold
Let's take on a little time
to loosen my weary mind

Women got my money
Come on and leave your island girl

Me I'm lookin' for an old pickup truck

Women got my money
Come on and leave your island girl.
