

Rx Bandits, Gun In Your Hand

hey, whatcha doing with that gun in your hand
now, say who you screwing
gonna kill your old man

Who gave you the right to play god here
shooting missiles at the countries
of the people that did no wrong
there is a little mama san with a baby in a cradle crying

singing why the fuck can't we just get along
hey, whatcha thinking
holding money behind your back
you must be drinking
gonna give yourself a heart attack

Who gave you the right to play god here
shooting missiles at the countries
of the people that did no wrong
there is a little mama san with a baby in a cradle crying

when the fuck is daddy coming home
who gave you the right
we can't fight all night
well you won't see me on that fucking front line

I ain't gonna kill no stranger and i ain't gonna do time
because it's 1, 2, 3 that's an innocent life
little sister, sister where is your brother today
I wish that i could tell you he was gonna be ok
but i can't and i won't tonight

I can see a soldier marching off to war
does he know what he is fighting for
another soldier gone off to attack
will he come back

we can't fight all night (4x)
