# RY X, Come Back

When it all comes back
When it all comes back, will you know
If the times we had
If the times we had wouldn't show
Oh, through the pain
Oh, through the feign, did you know?
I cry through the rain
I cry through the rain, wouldn't show
Would you still come back?
Could your love come back, if I told you so?
Could we make it back?
Could we make it back in our souls?
