

Ryan Adams, Call Me On Your Way Back Home

Oh baby why do I miss you like I do
Oh I miss my sweet
And the birds all singing blue
And white

And white
Call me on your way back home dear
Cause I miss you

Honey I ain't nothing new
Oh baby why did I treat you like I did
Honey I was just a kid
Bubblegum on my shoe

But you love me and I love you
Call me on your way back home dear
Cause I miss you
And I just wanna die without you
Oh I just wanna die without you
Yeah I just wanna die without you
