## Ryan Adams, Call Me On Your Way Back Home

Oh baby why do I miss you like I do Oh I miss my sweet And the birds all singing blue And white

And white Call me on your way back home dear Cause I miss you

Honey I ain't nothing new Oh baby why did I treat you like I did Honey I was just a kid Bubblegum on my shoe

But you love me and I love you Call me on your way back home dear Cause I miss you And I just wanna die without you Oh I just wanna die without you Yeah I just wanna die without you
