

Ryan Adams, Luminol

Nobody with no one to call
And all this time
Hot metal as her clothes dissolve
Emergency lights
It's genocide
It's suicide

I'm spinning around the room in awe
I'm spinning around the room

I'm floating through a room of halls
Partytime
Stops breathing like a china doll
And broken eyes
It's genocide
Suicide

I'm spinning around the room in awe
All bloody in the luminol
I'm spinning around the room in awe
In awe

Save my life...
Say my name

It's genocide
It's suicide

I'm floating through a room of halls
All bloody in the luminol
I'm spinning around the room in awe
In awe
And on and on and on
