

Ryan Adams, Song For Keith

Sitting round thinking bout Keith all day long
Getting stoned thinking bout how he played the guitar
Ain't nothing like getting stoned to The Rolling Stones
Can't find my copy of Goats Head Soup
Think it's under my clothes
Having drinks taking some pills and playing in A'
Dressing up pretending it's 1973
Ain't nothing like getting stoned to the Rolling Stones
Go get my copy of Let It Bleed
I got some papers and weed
God damnit where are my smokes?
This ain't nothing but a song for Keith
This ain't nothing but a song for Keith
This ain't nothing but a song for Keith
Ronnie Wood back when he had his Own Album To Do
Was pretty good but dammit I love Mick Taylor too
Ain't nothing like getting high spinning Love You Live
Making out with some movie star
I'd rather listen to Exile
This ain't nothing but a song for Keith
This ain't nothing but a song for Keith
This ain't nothing but a song for Keith
This ain't nothing but a song for Keith
This ain't nothing but a song for Keith
This ain't nothing but a song for Keith
