

# Ryan Cabrera, All Night Train (Acoustic)

Nothing blinds you like the sun  
When you stair into his eyes  
Nothing finds you like someone  
Who's a devil in disguise  
Girl you keep rolling on  
Like and all night train

When it's all or nothing  
Well there ain't no other way  
But baby give me somethin  
I can't take with me today  
(oh take with me today)

Something happend long ago  
Something you can't leave behind  
I'm searching for a perfect soul  
That I may never find

When its all or nothing  
Well there ain't no other way  
But baby give me somethin  
I can't take with me today  
(oh take with me today)

Why don't you take with me today  
Why don't you take with me  
Why don't you take with me oh yah

Whens its all or nothing  
well there aint no other way  
But baby give me something  
I can't take with me today

I can't take with me today  
Take with me today  
Take wtih me today  
Why don't you take with me today
