

Ryan Duarte, Twisted (Corrected)

Sittin in my room just thinking
how we even parted out our ways
Where did we go wrong?
I always thought our love was so strong
but i was wrong because your soft kisses were gone
Girl you're messin with my mind

(Chrous)x2

I said my mind's straight twisted, twisted
Girl cuz this love's so rediculous
oooh you got me Twisted I'm tryin to make it

Verse 2:

Said I'm doin 90 on the freeway
keep movin the hell outta my way
cuz im thinin what i would do, what i would say
if i seen you with another man today
I'd prolly shout at the witch and ask what this is all about
but i guess it doesnt matter what you say
cuz i wouldnt like your answer anyway

(Chorus x2)

Girl you know I love you so
you told me that you'd never go baby
You liked to me (oh yeah)
I finally gave you what you needed
so why is love so complicated with you
Baby with you?

Chorus x4

fade out
