

Ryan Leslie, Valentine

[VERSE 1]

I don't have to say you're beautiful
You've got plenty other guys to say those words for you
And I don't have to say you run the show
All it takes is a word, I lose control for you

[HOOK]

I know you're not my girlfriend, but
I swear that I love you

Baby I do

I know you're not my girlfriend, but
I swear that I love you

Baby I do

[VERSE 2]

I don't have to say you stole my heart
'cause anything I have I freely give to you
And I knew right from the very start
That the only place I belong is next to you

[HOOK]

[BRIDGE]

Even thru all
The ups and downs
You can't stop
The way I feel now
Even thru the storm
Joy & pain
I won't change
Still feel the same
Anytime you call
I don't care
No matter the reason
I'll be there
Constantly on my mind
And that's why I'm hoping
You will be my
Valentine (valentine)

[HOOK]

...and I know you love me too

[VOICEBOX]

I swear that I love you...yes I do
