

Ryan Shupe & The RubberBand, Hey Hey Hey

I want to know what makes your tock tick
I want to know what makes your clock click
All them gears going round and round inside your head don't make a sound
I want to know what makes your boat row
What makes your engine go, go, go, go, go, go, go
That's the thing I want to know
Please don't say hey go away
Come again some other day, if I may
in your arms I'd rather stay
hey hey hey
hey hey hey
I want to know what cloud you're on
What fires your neuron
It's a sign your hand in mine when it sends chills right up my spine
I want to know what makes your heart thump
Going bump, bump, bump, bump, bump, bump, bump
That's the thing that makes me want to jump
Please don't say hey go away
Come again some other day, if I may
in your arms I'd rather stay
hey hey hey
hey hey hey
