

# Ryan Shupe & The RubberBand, New Emotion

Would you love me if I  
Told you that I could not  
Hold you closer tonight  
To my heart it just might  
Break me, make me fall down  
Trip me up and hit ground  
And I don't want to be there  
And I don't want to be but I feel

A new emotion  
A deep devotion  
And a notion  
That I will find you  
Alright  
Tonight  
And I might  
Fall again

Would you stay if you knew  
That I would only leave you  
Sad enough and lonely  
And I'd think of you only  
In my dreams we would walk  
And in my dreams we would talk  
Hand in hand together  
Hand in hand and I feel

A new emotion  
A deep devotion  
And a notion  
That I will find you  
Alright  
Tonight  
And I might  
Fall again

I don't want to see the news  
I don't want to feel the rain  
Falling on my face again  
I don't want to see your face  
On a billboard store  
Don't want to grow old in this place no more

Would you think me crazy  
Would you laugh forever  
And in my arms you would be  
And in your eyes I could see  
All the stars up at night  
And I am hoping you might  
I swear I've seen your eyes before  
I swear I've seen your eyes  
And I feel

A new emotion  
A deep devotion  
And a notion  
That I will find you  
Alright  
Tonight  
And I might  
Fall again
