

Ryan Shupe & The RubberBand, She's Bad For Me

She's bad for me and I know it's true
She'll break my heart, she'll make me feel blue
And I wish I believed that everything would be fine
I wish I could make her mine

But my heart just won't take it, another drop will break it for good
So I cut the tie, in the blink of an eye and I leave it out there to die misunderstood

I could kiss her but it wouldn't mean anything
And I could hold her but it's not a lie worth living
Every time that it seems I get too close to the flame
It burns me and leave me the same

But my heart just won't take it, another drop will just break it for good
So I cut the tie, in the blink of an eye and I leave it out there to die misunderstood

So lay me down slowly, lay me down in my sleep
While I am still walking in dreams that are sweet
And if the answer is no don't say anything at all
I'd rather go slowly than fall

But my heart just won't take it, another drop will just break it for good
So I cut the tie, in the blink of an eye and I leave it out there to die misunderstood
