

# S Club 7, Whole Lotta Nothing

Whole lotta nothin'

Take me on a spin  
Do your thing but you can't get in  
No no  
Ain't about to give it all up  
Just coz you pull up in your drop-top

Gotta do it right  
Boy you're moving too fast, rewind  
Oh oh  
If you wanna slip in my bed  
Then you want what you can't get

Either you got it  
And you're coming back to mine  
Or just forget it  
Don't go wasting my time

Gotta be a man who's there for me  
Somebody who will always care for me  
No doubt in what you've gotta do  
No class, no pass no room for you  
If you wanna be my mister right  
You gotta know what I need tonight  
Be mine, can't be no other way  
No creep, no peep and a whole lotta nothin'

Take me on a cruise  
Give me something that I can't refuse  
Uh oh  
Takes more than a good time  
To let you know that you're my kind

Either you got it  
And you're coming back to mine  
Or just forget it  
Don't go wasting my time

Gotta be a man who's there for me  
Somebody who will always care for me  
No doubt in what you've gotta do  
No class, no pass no room for you  
If you wanna be my mister right  
You gotta know what I need tonight  
Be mine, can't be no other way  
No creep, no peep and a whole lotta nothin'

No creep, no peep  
No creep, no peep  
No creep, no peep  
And a whole lotta nothin'

Don't go wasting my time

Gotta be a man who's there for me  
Somebody who will always care for me  
No doubt in what you've gotta do  
No class, no pass no room for you  
If you wanna be my mister right  
You gotta know what I need tonight  
Be mine, can't be no other way  
No creep, no peep and a whole lotta nothin'

Gotta be a man who's there for me  
Somebody who will always care for me  
No doubt in what you've gotta do  
No class, no pass no room for you  
If you wanna be my mister right  
You gotta know what I need tonight  
Be mine, can't be no other way  
No creep, no peep and a whole lotta nothin'

Don't go wasting my time

Gotta be a man who's there for me
