

# S Club, Gonna Change The World

Bradley:

I wanna change the world...

But I know I have to start with me...can you help me?

When your world is closin' like it's comin' at ya

When you're in the darkest corner

I'm the one who'll come and catch ya

Jon:

When your life is wanderin'

Down some nowhere highway

Try a different point of view and

Do your best to see things my way

Bradley:

Lookin down there is brother facin brother

Dyin' one by one

Jon:

But from the ground you can look up at the stars

And see the words 'I love you!' painted high above you..

Chorus:

Gonna change the world

Gonna make it right

Gonna get down on my knees tonight

Gonna change it all

Gonna find a way

Gonna start to change the world today

Jon:

There is not a book that

You cannot rewrite

When your in the darkest corner

All you do is shine you're light and

Bradley:

When the other guy is

Bigger than the sky

Just before he's gonna hit ya

You can always try a smile 'cuz

Jon:

All around hear a million lonley people

As they say, "Goodbye"

Bradley:

Yet there's a sound of a world that's full of laughter

Because now I know I'm better at 'Hello' and

Chorus:

Gonna change the world

Gonna make it right

Gonna get down on my knees tonight

Gonna change it all

Gonna find a way

Gonna start to change the world today

Both:

When something is wrong, only we can turn it around

So give me your hand, my brother and walk together

'Cos we got a mountain to climb...

Change the world today

Chrous...to fade...
