

S Club, Love Train

Love train, waiting for the love train.
Love train, waiting for the love train.
Been working so hard for so long.
I think it's time I should be moving on.
I'm gonna do the right thing.
I'm gonna do the right thing.
You know that it's the best thing,
I've got myself a one way ticket and I'm coming home.
Riding on a love train,
Making my way back to you baby.
Riding on a love train,
Cruising my way back to my baby's arms.
Riding on a love train,
Making my way back to you baby.
Riding on a love train,
Cruising my way back where my baby's arms
Are waiting for me.
Don't stop, keeping moving, I don't want to get off, no no no.
Did I reach my baby in the tunnel of love.
I'm gonna do the right thing.
I know that it's the right thing.
Ooh you make my heart sing,
I've got myself a one way ticket and I'm coming home.
Riding on a love train,
Making my way back to you baby.
Riding on a love train,
Cruising my way back to my baby's arms.
Riding on a love train,
Making my way back to you baby.
Riding on a love train,
Cruising my way back where my baby's arms
Are waiting for me.
Love train, waiting for the love train.
Love train, waiting for the love train.
Love train, waiting for the love train.
Love train, waiting for the love train.
Love train,
Making my way back to you baby.
Riding on a love train,
Cruising my way back to my baby's arms.
Riding on a love train,
Making my way back to you baby.
Riding on a love train,
Cruising my way back where my baby's arms
Are waiting for me.
Riding on a love train,
Making my way back to you baby.
Riding on a love train,
Cruising my way back to my baby's arms.
Riding on a love train,
Making my way back to you baby.
Riding on a love train,
Cruising my way back where my baby's arms
Are waiting for me.
