S Club, She's Out Of My Life

She's out of my life She's out of my life And I don't know whether to laugh or cry I don't know whether to live or die And it cuts like a knife She's out of my life

It's out of my hands
It's out of my hands
To think for two years that she was here
And I took her for granted I was so cavalier
Now the way that it stands
It's out of my hands

And I've learned, love's not possession And I've learned, love won't wait Now I've learned that love needs expression But I've learned too late and

She's out of my life She's out of my life Damned indecision and cursed pride I kept my love for her locked deep inside And it cuts like a knife She's out of my life
