

# S Club, You're My Number One

What is love, 'cos baby I don't know  
I got a funny feeling in my heart  
If this is love, it feels like butterflies  
So tell me baby is this how it starts

I know I've never felt like this before  
You're like a drug you got me wanting more  
I've got to let you know  
I've got to let you know

You're - you're my number one  
I'd do anything for you  
Catch the rain from the sky  
Even hold back the tide for you, baby  
You're - you're my number one  
With you I know I belong  
I put the radio on and its always playing our song

Tell me what, what I have gotta do  
'Cos I wanna lay a claim on you  
To make you mine, for now and for all time  
So tell me baby what I gotta do, yeah

I know I've never felt like this before  
You're like a drug you got me wanting more  
I've got to let you know  
I've got to let you know

You're - you're my number one (my number one)  
I'd do anything for you  
Catch the rain from the sky  
Even hold back the tide for you, baby  
You're - you're my number one (my number one)  
With you I know I belong  
I put the radio on and its always playing our song, yeah

There ain't nothing I won't do  
I'd walk on water just to be with you

Baby

You're (you are you are) - you're my number one (you're my number one)  
I'd do anything for you  
Catch the rain from the sky  
Even hold back the tide for you, baby  
You're (you are you are) - you're my number one (you're my number one)  
With you I know I belong  
I put the radio on and its always playing our song

You're (you are you are) - you're my number one (you're my number one)  
I'd do anything for you  
Catch the rain from the sky  
Even hold back the tide for you, baby  
You're (you are you are) - you're my number one (you're my number one)  
With you I know I belong  
I put the radio on and its always playing our song

(repeat to fade)
