

# S.J.K., Last Generation

[M: Dilian Arnaudov; L: Tinko Georgiev & Dilian Arnaudov]

Scientists are Masters who control your life  
They use technologies to rule over mind  
Brain experiments - victims feel no pain  
We know it happens again and again

[Chorus:]  
We're the last generation  
We're the last in time  
We're the last generation  
We're the last in time

For a long time we're looking for the sign  
The sign left for us as a thin bloody line  
Forgotten memories from age after age  
Are left for us as a white, blank page

[Chorus:]  
We're the last generation  
We're the last in time  
We're the last generation  
We're the last in time
