

S.O.A.P., Welcome To My Party

Welcome to S.O.A.P.-City,

Oehoehoeoh

Welcome to my party-o

People here we go,

Oehoehoeoh

Welcome to my party-o

Welcome to my party-o,

People here we go,

Oehoehoeoh

Welcome to the place we're born and raised,

Taking you back to the homebase,

Where we first started until we got it,

This is the city were we first charted,

And it's not about fly gear,

About the money you make, about the clothes you wear,

it's all about how you feel it,

If you can keep it real.

So get ya groove on,

And dance all night,

This is your song,

We'll do this right tonight,

Baby baby,

Let's go crazy,

You're welcome in S.O.A.P.-City,

If you like what you see,

Come on.

Welcome to my party-o

Welcome to my party,

People here we go,

Oehoehoeoh.

Welcome to my party-o

Welcome to my party-o,

People here we go,

Oehoehoeoh

So when I say hey you say ho,

Hey

Ho

Hey

Ho

Don't touch that fader, DJ Alligator,

Go get a new haircut,

See you later,

Our prime minister do funny things,

Our prince he date girls who sing,

Once we get started, we can't stop,

Copenhagen is the spot,

S.O.A.P. make it hot.

Get ya groove on,

And dance all night,

This is your song,

We'll do this right tonight,

Baby baby,

Let's go crazy,

You're welcome in S.O.A.P.-City,

If you like what you see,

Come on.

Welcome to my party-o

People here we go,

Oehoehoeoh.

We're from another part of the world,
Where kings can walk the streets and check out girls,
And to spread it all across the universe, (universe)
Sing baby for me,
