

# Sabaton, The Royal Guard

From the frozen north they came  
Fought for founding father's claim  
It was then , their tale, began

Trace their roots from 16 strong  
Be the king where they belong

En tid  
Av krig

Wherever he goes  
Near or far  
They are close  
For the King of Sweden  
They lay down their lives

For the Swedish crown they stand  
By the king, at his command  
500 years for the fatherland  
Marching across the belt  
Crushing blow at Narva dealt  
Livgardet our ROyal Guard
